Subject: Contact Information

Good morning, Mr. Brooks:

I am searching for a contact or contact information within the EPA in relation to the West Lake Landfill in Bridgeton, MO. We have received correspondence on the topic in the Governor's Office and our constituents request that we share their concerns with all parties involved. I would appreciate any help in obtaining this information as I want to ensure that I am sharing the inquiries with the correct individual.

Thank you,

Kayle Clark
